

## Housing Conference Services Safety Tips

We are pleased that you have chosen the University Of Central Florida to house your camp/conference. The UCF Department of Housing and Residence Life has taken many steps to provide our campers with a safe and secure place to live on campus. We call upon all members of our community, including you, to help keep our halls safe and secure. By following a few common sense precautions to safety, the residence halls and apartments will remain, as they are, a safe place for everyone to live. If one camper chooses to prop a door or forgets to close it, they are leaving the rest of the hall exposed to dangers. We have taken steps such as placing video cameras outside of building exits to monitor against intruders, placing smoke detectors in each room and requiring University employees and service personnel to wear IDs. However, any amount of prevention can go only so far. All the fire equipment in the halls will not prevent a fire that is caused by carelessness with an illegal candle or appliance. Nor can the conference staff or the UCF Police Department prevent thefts from your room if the door is left unlocked.

Please take the time to follow a few simple suggestions to make your stay with us an enjoyable and safe one.

1. Never walk alone at night and do not let friends walk alone.
2. Use the SEPS escort service whenever possible. SEPS run from 7PM to 1AM seven days a week. After 1am or on weekends, contact UCFPD @ 407-823-2424 or 407 823-5555.
3. Avoid dimly lit or unlit areas on campus.
4. Never prop open outside doors of your residence hall.
5. Report unescorted or un-familiar persons to the staff immediately.
6. Be familiar with the blue light emergency phones on campus and use them.
7. Call 407-823-5555 or 911 for any emergency situation.
8. Always lock the door to your residence hall room.
9. Inform your Conference staff immediately of any crisis, theft or emergency situation.
10. Report anything out of the ordinary to your community office.

Please visit our campus websites for more information.
